

Hello! We are a new(ish) community group, looking to work together for a flourishing town, happy people and a healthy planet.

We are have taken the output from the recent consultation and overlaid some more thoughts on sustainability.

Let us know your thoughts via
Facebook @Sustainable Hayle OR e-mail hello@sustainablehayle.org

The adjacent diagram aims to provide a summary of our findings and draw out the key ideas that could go on to form a Vision for Hayle and become real projects.

- The Themes were put in place by the project team to guide the consultation process.
- The Headlines have come from the people of the town during this consultation. These are the key areas for consideration.
- The Ideas are the most common responses to our questionnaire and feedback during consultation.

MOVEMENT AND TRAVEL

PLACE AND SPACE

NATURAL ENVIRONMENT

COMMUNITY

LEISURE AND RECREATION

ECONOMY AND WORK

- Make our streets safe and accessible for all
- Cars and traffic dominate the town
- Parking - assess and rationalise, ev charging points
- Improve public transport links
- Walking & cycling - promote clear routes
- Make it safe and easy to move through town

- Parks: upgrade them all and improve for everyone
- Make space to sit and linger in town centres
- Make the most of underused spaces and assets
- Space for people of all ages to spend time together
- Clear and regular pedestrian crossing points
- Sensitive development that respects Hayle

- Education about the wider environment, sea & dunes
- Green routes, connect parks, towans & beaches
- Connections with nature are important
- Pollution - litter, dogs, air & water quality
- Protect the places that are special and unique
- More allotments

- Simplify communication with the Town Council
- Celebrate and improve what we already have
- Create a town network that connects groups with assets, space and funding
- Consider schools and young people from the start
- Promote sustainable living, energy & development

- Meeting place and activities for young people
- Indoor spaces for all ages
- Free recreation for all ages and abilities
- Community sports facilities
- Promote an events program & booking system
- Promote active tourism / adventure recreation

- Sustainable tourism and hospitality
- Create work spaces to reflect post-covid work habits
- Invest in streets around shops and centres
- Encourage unique independent business
- Promote a business network
- Promote network of home workers & sole traders

Ideas

Transport

What can we do?

Community EV charging

Installation of fast EV charging points in council owned car parks

Car sharing scheme / Car club

Promote existing car sharing schemes or set up a community car share (council owned EV?)

Promote walking, cycling

Make walking and cycling a safer option, clear and regular pedestrian crossings. Designated cycle paths

Public transport

Public transport: loop / hopper bus, bus to beaches
Locals bus pass

Parking

Locals car parking pass

Make our streets safe and accessible for all
Cars and traffic dominate the town
Parking - assess and rationalise, ev charging points
Improve public transport links
Walking & cycling - promote clear routes
Make it safe and easy to move through town
Clear and regular pedestrian crossing points

Environment & Spaces

Parks: upgrade them all and improve for everyone
Make space to sit and linger in town centres
Make the most of underused spaces and assets
Space for people of all ages to spend time together
Clear and regular pedestrian crossing points
Sensitive development that respects Hayle

Education about the wider environment, sea & dunes
Green routes, connect parks, towans & beaches
Connections with nature are important
Pollution - litter, dogs, air & water quality
Protect the places that are special and unique
More allotments

What can we do?

Green spaces: Tree planting, wildlife restoration projects

Community orchard

Work with schools and youth groups

Climate risk

Carbon sequestration and biodiversity
Local tree planting project in unused spaces

Local food project – brings community together, mental health

Learn where your food comes from and how to prepare it (eating habits form when we are young!)

Assess local climate risk, especially flooding, and possible mitigation

Environment & Spaces

Parks: upgrade them all and improve for everyone
Make space to sit and linger in town centres
Make the most of underused spaces and assets
Space for people of all ages to spend time together
Clear and regular pedestrian crossing points
Sensitive development that respects Hayle

Education about the wider environment, sea & dunes
Green routes, connect parks, towans & beaches
Connections with nature are important
Pollution - litter, dogs, air & water quality
Protect the places that are special and unique
More allotments

What can we do?

Recycling & Plastic-Free

Introduce public recycling bins (like Penzance)
Further advance plastic-free agenda. Ban plastic water bottles? Water fountain? Sign as you enter Hayle!

Litter

Litter (and dog poo!) ongoing issue.
Regular town and beach cleans, awareness campaign, target hotspots, school
Challenge: children as nature guardians

Graffiti

Tackle hotspots. Art projects on walls frequently vandalised?

Community

What can we do?

Sharing

Community Hub & facilities

Sustainable living & development

Simplify communication with the Town Council
Celebrate and improve what we already have
Create a town network that connects groups with assets, space and funding
Consider schools and young people from the start
Promote sustainable living, energy & development

Meeting place and activities for young people
Indoor spaces for all ages
Free recreation for all ages and abilities
Community sports facilities
Promote an events program & booking system
Promote active tourism / adventure recreation

Support second-hand and share economy:
Library of things (community owned tools etc to borrow), Repair cafe, Beach borrow box (buckets, spades, bodyboards...)

Create a real community hub, a place for the community gather, all ages
Community events programme
Establish communal sports facilities

Energy:
Advice on retrofits for existing housing stock with full use of available grants
Facilitate community led energy projects, for example: *Solar Energy Club – residents club together to buy cheaper solar panels*

Economy & Work

Sustainable tourism and hospitality
Create work spaces to reflect post-covid work habits
Invest in streets around shops and centres
Encourage unique independent business
Promote a business network
Promote network of home workers & sole traders

What can we do?

Sustainable business

Networking for local businesses and commercial landlords, sustainability training for businesses.

Co-working spaces

Create a co-working space, enabling people to use desks and business facilities without travelling far

Collaboration

Business collaboration. Work up a joint vision.
Could Hayle become a leader in sustainable growth and regenerative economy?
