

sustainable  
HAYLE

# Our Ambition: Sustainable Hayle

Community working together for  
a **flourishing town**, **happy people**  
and a **healthy planet**

# Our strategy:

Big idea

Sustainable Hayle:  
a flourishing town,  
happy people and a  
healthy planet

+

Commitment  
to work  
together

Bringing  
together the  
community

+

Do something  
about it

Project groups  
and clear  
action points

= CHANGE

Source: Story of Change  
via [storyofstuff.org](http://storyofstuff.org)

It only takes  
**1 in 4**  
people  
to change  
the world

# Our focus areas

– directly linked to Cornwall’s emission sources.

## Energy & Buildings

~37%  
of emissions

## Transport

~25%  
of emissions

## Food & Biodiversity

~19%  
of emissions

## Waste

~6%  
of emissions

OBJECTIVE

Community working together for a flourishing town,  
happy people and a healthy planet

PILLARS

Raise awareness of the  
challenges we are facing and  
what can be done about them

Building a resilient  
Hayle community

Take direct action,  
empowering people to  
make a difference

 11:20am - Manda Brookman Setting the Scene  
 ... - Sharing Practical

# Key next steps:

1. Make HTC aware of funding secured for Community Food Share and Tree Planting projects
2. HTC funding application to support website, leaflet, school talks, community engagement
3. Share draft Hayle Climate Action Plan with councillors in separate working session
4. Offer Sustainable Hayle as resource to help with Environmental Policy and other sustainability matters.
